1. About Our Use of Cookies

PLANit Global Ltd's (Our) website uses cookies to distinguish you from other users of our website. This helps us to provide you with a good experience when you browse our website and also allows us to improve our site. By continuing to browse the site, you are agreeing to our use of cookies.

2. What are cookies?

A cookie is a small file of letters and numbers that we store on your browser or the hard drive of your computer if you agree. Cookies contain information that is transferred to your computer's hard drive.

3. Types of cookies we use

We use the following cookies:

- **Strictly necessary cookies.** These are cookies that are required for the operation of our website. They include, for example, cookies that enable you to log into secure areas of our website.

This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.
- **Functionality cookies.** These are used to recognise you when you return to our website. This enables us to personalise our content for you, greet you by name and remember your preferences (for example, your choice of language or region).
- **Targeting cookies.** These cookies record your visit to our website, the pages you have visited and the links you have followed. We will use this information to make our website and the advertising displayed on it more relevant to your interests. We may also share this information with third parties for this purpose.

5. Third Party Cookies

When you use the site, you may also be sent third party cookies over which we have no control. For example, on a business profile page you can click on the company logo. The company logo will take you to the related company website.

These providers may send you cookies. They may use the information obtained from your use of their cookies to track your browser across multiple websites, build a profile of how you surf the web and target advertisements which can be of interest to you.
